PLATFORMS

Web, Android, iOS

THE REQUIREMENT

The founders wanted a social network built around shared interests rather than existing friendships.

WHAT WE BUILT

We built a social platform where people with the same interests find each other, post and react in a familiar feed format.

THE OUTCOME

People can find others who share their interests and interact with them through posts and reactions.

What it does

In short: people find others who share an interest.

✓ Interest-based discovery

People find others who share the same interests.

✓ Posts

Members share posts with people who have similar interests.

✓ Reactions

Members react to posts in a familiar social feed.

How a project runs

The same four stages for every project, with working software early and the option to stop after any stage.

STAGE 1

Audit

We map the current process and agree on a first release.

STAGE 2

Trial

A working version on your data before the full build.

STAGE 3

Build

Weekly working demos, integrated with your systems.

STAGE 4

Go live

Rollout to one team, then company-wide.

INCLUDED IN EVERY QUOTATION

- ✓ Written scope with dated milestones
- ✓ Testing before delivery
- ✓ Documentation for your team
- ✓ Weekly working demo
- ✓ Code in your repository from day one
- ✓ Free bug fixes in the warranty period after launch

OUR PROMISES

- NDA before anything
- You own all the code
- Your first call is with a founder

Planning something similar?

Send us a few lines about your project. A founder replies within 4 business hours with an indicative cost and timeline, free and with no obligation.
